

HEAVEN: What is it all about?

“Whenever I think of heaven, it makes me depressed. I’d rather just cease to exist when I die. I can’t stand the thought of that endless tedium. To float around in the clouds with nothing to do but strum a harp...it’s all so terribly boring.”

What is Heaven all About?

- *Heaven is THE place we were made for!*
- *Heaven is THE place where we will enjoy a physical world with physical people.*
- *Heaven is THE place where we will connect with and enjoy God in ways we cannot imagine.*
- *Heaven is THE place where we will enjoy a new world order.*

**HEAVEN IS NOT JUST OUR DESTINATION,
HEAVEN IS—RIGHT NOW—OUR LIVING HOPE!**

- *We are a people shaped by hope!*
- *The cross is an enduring symbol of this living hope!*
